Lynn Cyrin

Full Stack Web Developer

http://lynncyrin.me // lynncyrin@gmail.com

Professional full stack web developer with 2 years of industry experience working in multifunctional roles on self-sufficient, agile teams. Looking for work in Portland, Oregon or remote.

My nontechnical work revolves around community, access, identity, and diversity. The majority of this work is heavily integrated with online communities and social media (search for "Lynn Cyrin"). I expect any org I work with to support work like Transh4ck and Women Who Code.

SKILLS

Languages

- ► Python
- ► HTML, CSS, Javascript

Databases

- ► NoSQL (Neo4j, Redis)

Other Tools

- ► Sass, jQuery, Bootstrap, AngularJS
- ► Flask, Django
